## Short Description

The new **BioDrop MD®** comfort eye drop maintains eyes moist and relaxed. **Hyaluronan**, the natural moisturizer, aids symptoms of the **dry eye** disease, protects epithelium of the cornea and expedites healing of corneal wounds.

## Description

The new **BioDrop MD®** comfort eye drop maintains eyes moist and relaxed. **Hyaluronan**, the natural moisturizer, aids symptoms of the **dry eye** disease, protects epithelium of the cornea and expedites healing of corneal wounds.

To ensure eyes with a natural feeling, the chemical and physical properties of **BioDrop MD®** are adjusted to resemble the healthy tear film.

**BioDrop MD®** contains **neither preservatives nor ingredients** of animal or plant origin.

**BioDrop MD®** is suitable for frequent and prolonged use. It is packed into a handy multidose dispensing system (10 ml) designed for **sterile and preservative-free** ophthalmic products.

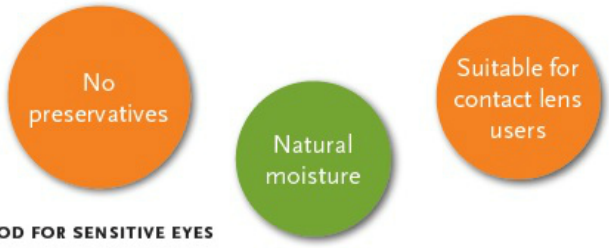

Developed by **Finnsusp** in co-operation with the Finnish Allergy and Asthma Federation. As with all other **Piiloset** products, **BioDrop MD®** is not animal tested.

## Piiloset BioDrop MD®

*Preservative-free multidose comfort eye drop*

### Natural moisture for all dry eyes

The new BioDrop MD® comfort eye drop maintains eyes moist and relaxed. Hyaluronan, the natural moisturizer, aids symptoms of the dry eye disease, protects epithelium of the cornea and expedites healing of corneal wounds[1,2]. To ensure eyes with a natural feeling, the chemical and physical properties of BioDrop MD® are adjusted to resemble the healthy tear film.

### More pleasure from contact lenses

To take full advantage of the moisturizing Piiloset care products, we recommend using moisturizing BioTwin®contact lens care solution together with BioDrop MD® comfort drops while wearing contact lenses.

BioDrop MD® is suitable for frequent and prolonged use. It is packed into a handy squeezable multidose dispensing system designed for sterile and preservative-free ophthalmic products. The system is calibrated exclusively for the properties of BioDrop MD®.

### Availability

10 ml multidose dispenser
Shelf-life 2 years

### Good for sensitive eyes

BioDrop MD® is one of the eye-friendly Piiloset Allergy Label products. Examined by specialists of the Finnish Allergy and Asthma Federation, BioDrop MD® is confirmed free from generally irritating ingredients. It contains neither preservatives nor ingredients of animal or plant origin.

Hyaluronan has been produced for BioDrop MD® by biotechnological manufacturing methods and extensively assessed for safety and chemical purity.

### Designed for preservative free formulations

Tip seal & filter

- The tip seal mechanism closes the orifice immediately when releasing the pressure, thus preventing comtamination through the tip
- Suitable for oxidizing formulations due to metal free fluid path
- The air required to compensate the volume loss in the bottle after the actuation is filtered through a PTFE multilayer membrane
